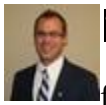
MattDeeg Great chat everyone...sorry for monopolizing. #greekchat -11:57 AM Dec 13th, 2011

khartranft Looking for a chapter member accountability workshop, activity, program, discussion, etc -any help is welcome! #GreekChat #AFA #AFLV #SAGrad -11:56 AM Dec 13th, 2011

MattDeeg FT: Council programming should be less fluff, more veggies. If you can combine the two, even better! #greekchat -11:56 AM Dec 13th, 2011



MattDeeg @hmk0618 I would love to have unified outcomes across campus. I think there might be a few different needs by council though. #greekchat -11:52 AM Dec 13th, 2011

MoBeanMT Have to duck out early for meeting at noon. Thanks, everyone! See you again soon! #greekchat -11:51 AM Dec 13th, 2011

AFLV 10 minutes left in our formal chat. What questions do you have for others that you want to make sure we cover? Final thoughts? #GreekChat -11:51 AM Dec 13th, 2011

hmk0618 Q3: @mattdeeg do councils need them? maybe community-wide outcomes for overall F/S experience on campus. Ex: http://t.co/RkQ9wqdA #greekchat -11:50 AM Dec 13th, 2011

MattDeeg Q4: If we didn't need that revenue, no way for a community programming board. See

@fraternalthghts http://t.co/BUnTqEzt #greekchat -11:48 AM Dec 13th, 2011

MoBeanMT Q4: Our PHC does a little of both, but only 4 chapters, so don't have a good perspective of what larger sys. do with time? #greekchat -11:48 AM Dec 13th, 2011

AFLV Q4: Do you have a "Programming Board" for your F/S community? If so, how do you use it? Good, bad, ugly? #GreekChat -11:45 AM Dec 13th, 2011

MattDeeg Q3: Programming chair possibly...but many of the council positions are unnecessary or outdated (subject for another talk). #greekchat -11:45 AM Dec 13th, 2011

MikeCourville @mattdeeg Thanks. Our councils do not put on programming. I've not seen interest in having them put on programs either. #greekchat -11:44 AM Dec 13th, 2011

MattDeeg @MoBeanMT I'm in that same boat. New in Aug. It's fun learning a new system. Happy to chat about struggles anytime. #greekchat -11:44 AM Dec 13th, 2011

MoBeanMT Q3: is having a "Programming Chair" on council becoming a thing of the past? #greekchat #answeringaquestionwithaquestion -11:42 AM Dec 13th, 2011

MoBeanMT @MattDeeg thanks for your advice, we're going to keep working on getting stronger. I'm new here since Aug, still learning the sys.#greekchat -11:41 AM Dec 13th, 2011

MikeCourville Q3: I believe learning outcomes need to be included into every thing that we do with a chapter. It's keeps us and them on task. #greekchat -11:41 AM Dec 13th, 2011

MattDeeg @MikeCourville Council programming being programs/events/etc. offered by the governing councils, not chapters or F/S office. #greekchat -11:40 AM Dec 13th, 2011

MattDeeg @MoBeanMT That makes life a little more difficult. Big idea is how can you then collaborate with Chap Adv. to target same goals? #greekchat -11:40 AM Dec 13th, 2011

MoBeanMT @MattDeeg Side note - our entire Greek system almost failed a few years back, only at 400 members, to add perspective #greekchat -11:39 AM Dec 13th, 2011

MattDeeg Q3: we need learning outcomes. Still have to prove our legitimacy. As an office, we have them. Why can't councils have them too? #greekchat -11:38 AM Dec 13th, 2011

MoBeanMT @MattDeeg I agree, but we also get some resistance from our chapter advisors who think "they know best" #greekchat -11:38 AM Dec 13th, 2011

MikeCourville Sorry jumped into the convo late, what do you mean by council programming? #greekchat -11:37 AM Dec 13th, 2011

hmk0618 Q3: You have to know what you're trying to do to know you've succeeded at it. Learning outcomes set bar, create continuity #greekchat -11:37 AM Dec 13th, 2011

MattDeeg @MoBeanMT I think as advisors it's our resp. to bring them to include those veggies. They come to us to advise their events. #greekchat -11:36 AM Dec 13th, 2011

MoBeanMT Q3: We're working on moving toward LOs for the 2012 PHC. Biggest road block? VERY young execs (mostly sophs) #greekchat -11:35 AM Dec 13th, 2011

AFLV Q3: Does your community have learning outcomes? If so, what are they? Should they? How does that work in practice? #GreekChat -11:34 AM Dec 13th, 2011

MoBeanMT @Matthew Deeg - sometimes hard to "slip in the veggie" b/c we don't actually have any

oversight ("Ur not my mother" mentality) ?? #greekchat -11:34 AM Dec 13th, 2011

MikeCourville Q2: Mike Courville, BSU, Programming comes from indivi. orgs not from any greek councils. SAgrad #greekchat -11:32 AM Dec 13th, 2011

MattDeeg Ok, calmed down now... #greekchat -11:32 AM Dec 13th, 2011

AFLV @ashleybaudouin welcome Ashley! #GreekChat -11:32 AM Dec 13th, 2011

AFLV @samanthakheim welcome Sam! #GreekChat -11:32 AM Dec 13th, 2011

MattDeeg @ashleybaudouin (2/2) I understand the need to give students fun outlets, but we should be slipping the veggies in with the fun. #greekchat -11:29 AM Dec 13th, 2011

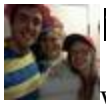
MattDeeg @ashleybaudouin That's the $$$ question. Was just in a meeting that seemed more focused on fun than learning. (1/2) #greekchat -11:28 AM Dec 13th, 2011

MattDeeg @samanthakheim Please know that I'm not picking on Greek Week...I just think we can do so much better/so much more. #greekchat -11:27 AM Dec 13th, 2011

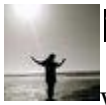
MattDeeg How great would it be, if, at the start of a year, we set down: As a result of membership in X orgs in council, you will learn... #greekchat -11:27 AM Dec 13th, 2011

MoBeanMT Q2: recently had good convo about purpose of social programming with PHC, esp. in re: to what we spend money on vs. purpose/plan #greekchat -11:27 AM Dec 13th, 2011

MattDeeg Q2: Ideally, council programming would be targeted at hitting large-scale council LO's. But...do our councils have those? #greekchat -11:26 AM Dec 13th, 2011



samanthakheim #Greekchat Sam Kheim just graduated from culver Stockton college. Former greek week chair and phc exec member. -11:26 AM Dec 13th, 2011



ashleybaudouin Are we governing councils or programming boards? Can't we promote positive change without a keynote speaker? #GreekChat -11:26 AM Dec 13th, 2011

MattDeeg @MoBeanMT I understood...I think we continually sell our Greek system short. We host these things we can't show gains from #greekchat -11:25 AM Dec 13th, 2011

MoBeanMT Q2: I agree, usually a larger event targeted at a large group, with exception of scholastic programming #greekchat -11:25 AM Dec 13th, 2011

samanthakheim @MattDeeg @MoBeanMT donated tons of money to alumni charity orgs.&spent time doing edu programming and cleaning up our town. #greekchat -11:24 AM Dec 13th, 2011

MoBeanMT Sorry, the students had goals for Greek Week, I was more asking that hypothetically about the LOs in response to your question :) #greekchat -11:24 AM Dec 13th, 2011

MattDeeg Q2: When I hear council programming, I know they're talking about a big speaker, recruitment, or something else "BIG". #greekchat -11:23 AM Dec 13th, 2011

MoBeanMT For us, it's trying to help a floundering system, build back up the tradition of camaraderie and continue to attract members #greekchat -11:22 AM Dec 13th, 2011

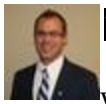
MattDeeg A great LO for a Greek Week would be: students can articulate positives about X organizations in the Greek community. #greekchat -11:21 AM Dec 13th, 2011

AFLV Q2: How do your councils define programming? How should we define programming? What

does the "ideal" look like? #GreekChat -11:21 AM Dec 13th, 2011

MattDeeg You could shape Greek Weeks with LO's potentially. I would emphasize the "what is the what"...what are we trying accomplish. #greekchat -11:21 AM Dec 13th, 2011

MattDeeg Q1: cont. the interests and focuses are completely different. Too separate to force collaboration much of the time. #greekchat -11:20 AM Dec 13th, 2011



MattDeeg Q1: Also, can we please stop insisting that our councils all collaborate? Have to say that while the missions might be the same.. #greekchat -11:20 AM Dec 13th, 2011

MattDeeg Q1: (2/2) Like sexual assault programming for men/women; different needs for different communities. #greekchat -11:19 AM Dec 13th, 2011

MoBeanMT So, how do you discourage students from Greek Weeks when they really want to do it? Could they be shaped with LOs? #greekchat -11:19 AM Dec 13th, 2011

MattDeeg Q1: best practice in council is to make it apply broadly...perfect way to fill gender-specific programming needs (1/2) #greekchat -11:18 AM Dec 13th, 2011

MoBeanMT Maureen, from the state almost always covered in it :) #greekchat -11:18 AM Dec 13th, 2011

MattDeeg Oh, and hi...Matt Deeg, UNF, in the state that never sees snow. #greekchat -11:17 AM Dec 13th, 2011

MattDeeg @MoBeanMT Gah! No Greek Weeks...there is no learning outcome to be gained from them. (also, I just don't like them) #greekchat -11:16 AM Dec 13th, 2011

MoBeanMT Torn on idea of "Greek Weeks" Discouraged from some of the nat. orgs, & take LOTS of planning, but fun & build bonds in community?#greekchat -11:14 AM Dec 13th, 2011

AFLV @MoBeanMT welcome Maureen! Thanks for joining us. #GreekChat -11:12 AM Dec 13th, 2011

MoBeanMT Hi, Maureen from the University of Montana. #greekchat -11:11 AM Dec 13th, 2011

AFLV Q1: What programming "best practices" do you have to share? What should we keep doing? What should we STOP doing as councils? #GreekChat -11:10 AM Dec 13th, 2011
